Model series

Move-Table Puzzle

Description

Puzzle-High table

Model

1856M

ID

75230

Length/Width/Height

178/115/101.4 cm

Weight

47.1 kg

Tabletop: puzzle-shaped, circulated with equal radii (R 35 cm), panel thickness 19 mm, melamine resin coated.

Shelf: puzzle-shaped, (top edge) at 72 cm above floor level.

Framework: 4-base metal apron framework of powder coated steel tube, base cross section 38/2 mm, floor gliders with felt gliding surface.

Notice: Due to the all-round equal radii of the tabletop, the table can be combined with other puzzle tables at all tabletop positions.

Changes and errors reserved. Illustrations similar.
